## WARRANT FOR ANNUAL TOWN MEETING

---

MARCH 8, 1958

To Harold A. Bullard, a Constable in the Town of Lyman, in the county of York and the State of Maine, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lyman, County of York, qualified to vote in town affairs to meet at the Town Hall in said Town on Saturday the eighth of March, A.D. 1958, at 9:30 o'clock in the forenoon, then and there to act on the following articles, to wit:

The Polls will be open at 10:00 o'clock A.M. and close at 2:00 o'clock P. M.

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a clerk, one selectman, assessor, and overseer of the poor for a term of three years, a treasurer, collector of taxes, constable, fire ward, road commissioner and one member of the school board for a term of three years.

Art. 3. To see what sum, if any, the Town will vote to raise and appropriate for State aid road construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Section 44, 49 and 50, Chapter 23, Revised Statutes of 1954, as amended. (\$533.00 taxes)

Art. 4. To see if the Town will vote to authorize the assessors to rescind any amount appropriated by the Town for State aid construction in excess of the amount required to meet State apportionment.

Art. 5. To see what sum, if any, the Town will vote to raise and appropriate to repair its highways, bridges, and pond roads. (\$2,000.00 taxes.)

Art. 6. To see if the Town will vote to raise and appropriate a sum of money to be used to apply a tar surface on the roads previously constructed Town Road Improvement Funds. (\$1,000.00 taxes.)

## FIRE DEPARTMENT REPORT

---

### Total Calls For Year—52

|         |    |           |   |
|---------|----|-----------|---|
| Lyman   | 28 | Waterboro | 1 |
| Dayton  | 16 | Sanford   | 2 |
| Arundel | 4  | Kennebunk | 1 |

### Causes As Follows:

|             |    |                 |   |
|-------------|----|-----------------|---|
| Buildings   | 4  | Grass           | 9 |
| Chimney     | 15 | Car             | 2 |
| Woods       | 8  | Flooded cellar  | 1 |
| Incinerator | 5  | Electric motor  | 1 |
| Drowning    | 1  | Road accidents  | 4 |
| Oil burner  | 1  | Television fire | 1 |

The station has been equipped with a signal transmitter and we are plotting the towns into sections with numbers for identification. A generator from CD surplus has been purchased, which when installed, will enable us to operate without outside power in an emergency.

Thanking the officials of Dayton and Lyman together with the townspeople.

Respectfully,

RAYMOND C. BURBANK,  
Chief.

## AUDITOR'S REPORT

Board of Selectmen

Town of Lyman

Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 5, 1958.

The examination was made in accordance with generally accepted auditing standards and included all procedures which were considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 5, 1958.

Respectfully submitted

L. EVERETT OUTHOUSE,

Auditor

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the Members of the Superintending School Committee, citizens of the Town of Lyman:

The enrollment at Cousens Memorial School is again 81. The classes are grouped as follows:

|               |          |       |
|---------------|----------|-------|
| Mrs. Elwell,  | Grade 1— | 8     |
|               | Grade 2— | 8 16  |
| Miss Goodwin, | Grade 3— | 7     |
|               | Grade 4— | 10 17 |
| Mrs. Murphy   | Grade 5— | 12    |
|               | Grade 6— | 10 22 |
| Mr. Wormwood  | Grade 7— | 10    |
|               | Grade 8— | 16 26 |

The following number of Lyman students are attending high school:

|                            |    |
|----------------------------|----|
| Thornton Academy.....      | 13 |
| Kennebunk High School..... | 16 |
| Sanford High School.....   | 3  |
| Biddeford High School..... | 1  |
| <hr/>                      |    |
| Total                      | 33 |

Because of the continuing decrease in enrollment in the elementary grades, your school committee and I feel that it would be difficult to justify the employment of four teachers at the Cousens Memorial School for the school year 1958-59. It is a phenomenon in these days of bulging classrooms to find a school with a decreasing population. However, because of local conditions, there will be three teachers in the Cousens Memorial School next year.

You are all well aware of the decision of your School Building Committee to postpone any action of the proposed addition to the Cousens Memorial School. This committee deserves a vote of thanks for the ser-

ious thought, time, and energy given to this problem. Every effort was made to carry out this building project within the means of the town. It is disappointing to realize that the economic condition of the area makes such a program impractical at this time.

In conclusion may I take this opportunity to thank the members of the school committee, teachers, parents, and friends of the Lyman schools for their continued cooperation during the past year.

Respectfully submitted,

WILLARD T. JACOBSEN.

## ANNUAL REPORT OF PUBLIC HEALTH NURSE LYMAN—1957

---

The highlights of our year's work in Lyman are the foundation of a health council, polio clinics, diabetes detection clinic and audiometer tests.

In February, 83 children were given polio inoculations at the Cousen's Memorial School. Three of these were preschool children and the rest school children. Sixty-six of these completed their immunizations.

During the summer, Dayton and Lyman joined forces for an adult polio clinic. Fifty-five Lyman residents took advantage of this. Broken down into age groups the figures are, three babies, three preschool children, nine school age children and 40 adults. Doctor William O'Sullivan was the physician.

A health council was formed in October. There have been two meetings. The officers are: Chairman—Mrs. Leighton Drown, Vice Chairman—Mrs. Herbert Boothby, Secretary — Mrs. George McAlevey, and Publicity—Mrs. Milton Monroe. Now that there is a group with whom to work it is hoped you may have a bigger and better health program.

Their first project was assistance with Diabetes Detection Week. As you have no local physician, your nurse, at the the request of Doctor Melvin Bacon, Sanford, did urinalysis at the school for anyone who furnished a specimen. One hundred and seven were done. This is the highest percentage in any of my towns. Much credit goes to the health council for supplying paper cups at school. Because of this, practically 100 percent of your school population was checked.

Cardiac, Crippled Children and Mental Health Clinics have been used as needed.

Home visits have been made for follow-up of health problems and when possible to expectant mothers, infants and preschool children. Assistance has been given to and received from your teachers.

The hearing of pupils in grades one, four, and seven was tested with the puretone audiometer in December. Thirty-six were checked and one was found to be hard of hearing. The parents of this child were notified so any possible correction of the defect could be made.

I am looking forward to the coming year. With cooperation such as I have already received from town officials and teachers plus a good health council, an interesting, a profitable year should be in store for us.

Respectfully submitted,

MAREA L. CLEMENT, R.N.,  
Div. of Public Health Nursing.

Respectfully submitted,

WINNIFRED E. LITCHFIELD,

Treasurer

February 25, 1959

Board of Selectmen  
Town of Lyman  
Lyman, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 20, 1959.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 20, 1959.

Respectfully submitted,

L. EVERETT OUTHOUSE.

## COMMENTS

---

### Cash Balance

The General Fund Cash on deposit in the First National Bank of Biddeford, was reconciled with the bank statement, and a written confirmation of the balance was made. A written confirmation was made, also, of balances in Savings Accounts, which constitutes a part of the General Fund Cash.

**Uncollected Taxes and Tax Liens**

Unpaid taxes and tax liens at February 20, 1959 were verified by written confirmation, to the extent deemed necessary, at the time of audit.

**General**

It was necessary to reconstruct the entire year's cash receipts in order to allocate the credits to the proper accounts, as the Treasurer does not keep an accurate accounting of Cash Received, and her books did not balance.

The Selectmen keep records for the distribution of warrants drawn, which enables them to prepare, in detail, the disbursements as printed in the annual Town Report. It would be advisable to have a General Ledger installed for better and more accurate accounting purposes, and that someone other than a Treasurer be employed to keep the Selectmen's records.

**Scope of Audit**

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications on a test basis were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise Tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

During the past year groups of interested citizens in neighboring towns have been studying their educational systems preparatory to the study of the formation of a school administrative district. These committees will soon be holding joint meetings to which your town officers and all interested citizens will be invited. It is most important that the Town of Lyman be represented at these meetings and that the people give careful consideration to any proposals that might be forthcoming.

In conclusion, may I thank the members of the School Committee, Teachers, Parents, and Friends of the Cousens Memorial School for their continued co-operation.

Respectfully submitted,

WILLARD T. JACOBSEN,

Superintendent of Schools

**GOODWIN'S MILLS FIRE DEPARTMENT, Inc.  
ANNUAL REPORT OF THE CHIEFS**

**January 1, 1958 to December 31, 1958**

To the Citizens of Lyman and Dayton:

During the past year your Fire Department has answered the following calls:

- 1 house
- 1 barn
- 2 brush
- 6 chimney
- 1 saw mill
- 1 tractor
- 1 grass
- 1 pump house
- 1 manure pile

A total of fifteen located in the following towns:

7—Lyman, 5—Dayton, 2—Arundel, 1—Alfred.

At the annual August meeting the following men were elected or appointed as officers of your Fire Department for the ensuing year:

## Chief Milton Monroe

Harry Mullett, 1st assistant

John Harris, 3rd assistant

Everett Mooers, Captain

Leo Goodwin, Captain

Coyle Meserve, 2nd assistant

Curtis Taylor, 3rd assistant

Stanley Stearns, Captain

Art Grantham, Captain

At present we are trying to get your Fire Department listed with Underwriters. If we are successful in obtaining this listing it will mean a reduction of about 15% in the insurance rates on buildings situated within three miles of the Fire Station on main traveled roads. In pursuing this quest, we have shifted the 500 gallon pump from the Reo to the 1953 Chevrolet. We have tested part of our 2½ inch hose and plan to test the rest as the weather gets warmer. Our trucks and other mobile equipment have been repaired where necessary and put into top operating condition. Later in the spring we plan to file a formal request with Underwriters for an inspection and test to see if we meet their qualifications.

We have made a change in our 222 line of red network telephones. We now have five phones located as follows: 1—Fire Station, 1—Village Store, 1—Chief's house, 1—First Assistant's House and 1 in a member's house. All are located within 300 yards of the Fire Station.

In accordance with a decision by the Federal Communications Commission, we are going to have to change our radio frequency by 1961. As most of the other towns with whom we are affiliated are going to change this year, we are asking for additional money to cooperate with them. You will find an article in the warrant in pursuance of this aim.

We are planning a firefighters school in the spring

for the training of your department members. This school will be conducted by a member of the State Board.

This year, also, you will find a copy of the treasurer's report and a list of the equipment owned by your department in the town report.

We wish to offer our assistance in regards to any question about fire protection around your homes. If there are any problems in this respect, please feel free to contact any of the above officers or any member of the Fire Department.

On behalf of the members of the Fire Department, I wish to publicly thank former Chief Raymond Burbank for all his efforts and work on behalf of the Fire Department over the past years.

We wish to thank the officials and townspeople of Dayton and Lyman for their cooperation in behalf of the Goodwin's Mills Fire Department.

Respectfully submitted,

MILTON F. MONROE, Chief

## ANNUAL REPORT OF PUBLIC HEALTH NURSE

---

Three new programs, child health conferences, school physical examinations and sodium flouride applications, were introduced in Lyman this past year. Each was well accepted.

The child health conferences were held in the Baptist Church Parish House this spring. Dayton was invited. Attendance at the first conference in April so exceeded our expectations that there was much confusion. This was ironed out and the May and June ones ran much more smoothly. Doctor Michael M. P. Magaudda of Old Orchard Beach was the physician. Physical examinations as well as immunizations against whooping cough, diphtheria, tetanus, smallpox, and polio were given.

Doctor Melvin Bacon of Sanford examined the pupils of grades one, four, and seven for us this fall. Though most of the children were found to be physically fit there were several with swollen glands, enlarged tonsils, dry skin and poor posture. One was found to have a heart murmur, one was overweight and two had albumen in their urine. Eight parents were present. This was appreciated as it is much more satisfying to have the parent there to talk with the doctor about his findings than to send a note and have the nurse visit to explain.

At the time of the physical examinations, 100 urine specimens were tested for sugar as part of Diabetes Detection Week.

All first grade pupils had their hearing tested with the puretone audiometer in December. None were hard of hearing. Now each student has been tested. Any pupil who does not seem to hear well will be referred by the teacher.

One stormy Saturday morning in January, 49 residents received their third polio inoculation from Doctor O'Sullivan. Dayton people attended this clinic also, but are not included in this number.

The results of the sodium flouride program will be given in your health council secretary's report as that group took full responsibility for obtaining this for your children and surmounting the many obstacles of a summer project.

As many home visits as possible have been made. Please help me to spend my time wisely by letting me know where I may be useful.

May I take this opportunity to express my appreciation to all who have made this program a success, especially the three physicians, the teachers and the members of the Lyman Health Council.

Respectfully submitted,

MAREA L. CLEMENT, R. N.

## REPORT OF THE HEALTH COUNCIL

---

The Lyman Health Council was organized in November of 1957 and has contributed much to the health activities of the Town since that date.

Our first project was to help with the diabetic clinic, held at the Cousens Memorial School on November 25, 1957. Due to the assistance of the Health Council, Lyman had the best percentage of tests of any of the towns covered by our health nurse, Marea Clements. 107 tests were done, which was an estimated 100 per cent.

In February of 1958, a polio clinic for both Lyman and Dayton was held at the Cousens Memorial School, at which time 98 persons received polio shots; 54 from Lyman and 44 from Dayton.

In April, May, and June, Child Health Conferences were held in the Lyman Baptist Church Vestry. Further details regarding these may be found in the report of the Public Health Nurse. Also, in April, 3 delegates from the council attended the Annual Health Institute at Elliott, enabling them to better serve the community.

The town's appropriation made it possible to have a Preventive Dental Clinic in August, at which time a registered dental hygienist, Miss Marjorie Linscott, gave sodium flouride applications to 24 children.

Another Dabetic Clinic was held at the Cousens Memorial School in November, 1958, at which time school physicians were held for pupils or grades 1, 4, and 7, with Dr. Melvin Bacon as the attending physician. Further information regarding this is contained in the Public Health Nurse's report.

Regular meetings were held on the third Monday of each month during the year, except during the

vacation months of June, July, and August. A small group of faithful, hardworking members attended these meetings regularly and have made possible the many health activities listed above. Several future activities are already planned for the coming year and it is hoped that more members will become active in the Health Council, thus enabling us to do more service work for the Town of Lyman.

We wish to express our sincere appreciation to Marea Clements, Public Health Nurse, who has worked with us and helped us plan our many projects.

Detailed financial records of our receipts and expenditures are on file with our treasurer and are available to anyone interested.

Respectfully submitted,

VIOLA McALEVEY, Secretary  
Lyman Health Council

TOWN OF LYMAN

## Auditor's Report

February 26, 1960

Board of Selectmen  
Town of Lyman  
Lyman, Maine  
Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 20, 1960.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 20, 1960.

Respectfully submitted,

L. EVERETT OUTHOUSE

## ANNUAL REPORT

### COMMENTS

#### Cash Balance

The General Fund Cash on deposit in the Canal National Bank of Saco, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank, also the Savings Account balance of the Assembly Hall Reserve Fund was verified by written confirmation.

#### Uncollected Taxes and Tax Liens

Unpaid taxes and tax liens at February 20, 1960 were verified by written confirmation, to the extent deemed necessary, at the time of audit. During the year, the Selectmen have transferred from the Tax Lien Account to the Town-Owned Property Account the matured liens on real property, which are to be advertised for sale.

#### General

The Selectmen's records for the distribution of warrants drawn was found to be adequate and in good order.

#### Scope of Audit

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications on a test basis were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined for a selected period. Bond and insurance coverages were examined. Excise Tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

## TOWN OF LYMAN

The 99th session of the legislature of the State of Maine made certain changes in the provisions of the Sinclair law which makes the formation of a school administrative district in this area rather unfeasible. Because of this fact there has been no activity among the committees which were studying the possibility of the formation of a district. At the present time your Superintendent is exploring the possibilities of presenting a special bill to the 100th Legislature in an attempt to try to solve the problems which seem to be peculiar to our situation.

As you undoubtedly know, your Superintendent's office was moved from the Alfred School Building to the Alfred Town Hall during the past year. The new quarters are most satisfactory and you are all invited to drop in and visit us at any time.

In conclusion, may I thank the members of the School Committee, teachers, parents, and friends of the Lyman School for their continued cooperation.

Respectfully submitted,

WILLARD T. JACOBSEN,

Superintendent of Schools

## TOWN OF LYMAN

### REPORT OF THE CHIEF

During the past year your Fire Dept. has answered the following calls:

- 7 Buildings
- 5 Chimneys
- 5 Slash
- 3 Grass
- 2 Tree and Lightning
- 1 Sawdust Pile
- 3 Dump
- 1 Rescue (man in well)

A total of twenty seven located in the following towns:

|         |    |
|---------|----|
| Lyman   | 13 |
| Dayton  | 12 |
| Arundel | 2  |

You will be glad to know that your Fire Dept. has been successful in obtaining a listing by Underwriters. After the 500-gallon pump had been shifted to the 1953 Chevrolet, we requested an inspection and test. Last spring, such a test was conducted and we were able to meet with their specifications. This should mean a reduction in fire insurance rates for anyone living within a three-mile limit of the fire station on main traveled roads. It will also mean, or should, a reduction of rates on **farm buildings** within a five mile radius of the fire station although the reduction is not as large.

You will notice in the town warrant two additional articles in regards to the fire dept. These articles pertain to a reserve fund for the purchase of large equipment at a future date. The reason for this is, that we are subject to re-inspection and re-test by Underwriters every three years. They do not recognize any mobile equipment with a chassis of over twenty years old. As one of our trucks is a 1943 model, it will be necessary for us to replace this piece of equipment, if we are to continue on their list.

## ANNUAL REPORT

A firefighters school was held last spring and was well attended by the members of the department. This spring we plan to have practice sessions, to acquaint new members with the equipment and to refresh the minds of the older members. We are trying to keep your department as efficient as possible.

The first of July, the telephone system was changed from a three digit to a five digit system. The telephone number of your department is now HY 9-2244. Please post this number in a convenient place near your telephone, as it will save time if the occasion should arise where it would be needed.

We wish to offer our assistance in regards to any question about fire protection around your homes. If there are any problems in this respect, feel free to call any member of the department for assistance.

On behalf of the members of the department, I would like to thank the officials and townspeople of Lyman and Dayton for their cooperation in behalf of the Goodwins Fire Department.

Respectfully submitted,  
MILTON F. MONROE,  
Chief

# Annual Report of Public Health Nurse

LYMAN — 1959

The primary purpose of public health nursing is to provide nursing service to people at home, at school and in clinics, so that individuals, families and the community as a whole will be helped to achieve and maintain optimum health. Public health nursing is one of the basic health services that contribute to a healthy and happy way of life.

Counseling in the home is without a doubt the public health nurse's greatest contribution whether it is to the mother before her child is born or after he is half grown or to an elderly person needing health guidance. Keeping the individual and family well by teaching the prevention of illness, promotion of health and the correction of defects is her aim. For this reason we hold child health conferences and school physical examinations for seemingly well children. We confer with teachers and visit homes to help iron out physical or emotional problems.

Three child health conferences were held last spring. Thirty-six children attended for physical examinations and immunizations against whooping cough, diphtheria, and tetanus, small-pox, and polio.

After school started this fall, physical examinations were given to 30 athletes and pupils of grades one, four, and seven. These were followed by visits to the homes to help parents plan for the correction of defects found by Doctor Melvin Bacon. These included heart murmurs, high blood pressure, shortness of breath, enlarged glands, chest infections, eye defects, enlarged tonsils, obesity and adolescent acne.

Visual acuity has been checked by the nurse at the teachers' requests. Any children whom we felt needed a more thorough eye examination were reported to the parents. Several school and a pre-school child have obtained glasses this year.

If children are to be kept well, they and their parents must be protected against as many diseases as possible. For this purpose immunization clinics have been planned. In October and November the school clinic was held, parents and pre-school

## ANNUAL REPORT

children were invited, also, with the following completed inoculations:

|                |    |             |
|----------------|----|-------------|
| Smallpox       | 42 |             |
| Diphtheria     | 20 | 24 boosters |
| Whooping Cough | 1  |             |
| Tetanus        | 20 | 24 boosters |
| Polio          | 1  | 35 boosters |

The December polio clinic to be held on Saturday primarily for adults was cancelled. The new date has been set for January 9th.

The State and Maine Medical Center Clinics have been used as needed to obtain proper care for the townspeople. The Salvation Army has been very generous and answered all requests for help.

Hearing tests with audiometer will be done early in the new year.

Due to the efforts of your Lyman Health Council, 82 specimens from all age groups were tested at school for Diabetic Detection Week. This is only one of the many services they have given your community.

It is wisely said that public health is people, who are so concerned with good health for themselves, their neighbors, and their community that they work for this priceless possession. This wise saying guides us well, for nowhere in our State do we have the number of public health nurses we need to give all the services we would like to give. It follows, then, that a successful public health nursing program does, and indeed should, depend largely upon the interest, support and volunteer work of the local people, individually and through organized group effort. The public health nurse gives directly those services that require her special professional nursing skills and gives leadership and counsel to the townspeople in developing, cooperatively, the health programs most suitable for their own community.

May I take this opportunity to thank the health council, Doctor Bacon, the teachers, the Salvation Army and all others who have helped this past year.

Respectfully submitted,

MAREA L. CLEMENT, R.N.

Division of Public Health Nursing

Art. 18. To see what sum the town will vote to raise and appropriate for the reserve fund known as the "fire equipment account." (\$500.00)

Art. 19. To see if the town will vote to purchase, together with the Town of Dayton, and on equal shares with said town, a fire truck to be placed under the exclusive care and control of the Goodwin's Mills fire department for the use of both towns in providing fire protection for said towns, said purchase to be made by a committee composed of three men from each town to be appointed by the moderator of the respective town meetings from among the members of the Goodwin's Mills fire department, who shall be authorized and empowered to execute all contracts or other documents necessary to effect the purchase of said truck, and further to see what sum of money shall be appropriated for the purchase of said fire truck and how same shall be raised.

Art. 20. To see if the town will vote for the purpose of payment of the partial cost of purchasing a fire truck, authorize the selectmen of the town to borrow on behalf of the town, a sum of money not exceeding the sum of four thousand (\$4,000.00) dollars for a term not exceeding five (5) years at such rates of interest and on such other terms as the selectmen of the town shall determine and negotiate, and further to authorize the selectmen of the town to execute and deliver on behalf of the town, the note or notes of the town or other evidences of indebtedness as security therefor.

Art. 21. To see if the town will vote to authorize and direct the municipal officers in their capacity as trustees of the reserve fund known as the fire equipment account to expend the total amount of said fund together with accumulations thereon towards the purchase of a fire truck.

Art. 22. To see if the town will vote to purchase surety bonds for the collector of taxes, also the treasurer, and to raise and appropriate a sum of money for same. (\$80.00 excise)

Art. 23. To see if the town will vote to raise and appropriate a sum of money for a public health nurse. (\$100.00)

Art. 24. To see if the town will vote to authorize its selectmen, in behalf of the town, to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, or by deed, on such terms as they may deem advisable, and to execute and deliver quitclaim deeds for such property.

Art. 25. To see if the town will vote a date for taxes to become due and payable and to fix a rate of interest to be charged on taxes unpaid after such a date.

Art. 26. To see what sum, if any, the town will vote to raise and appropriate for the civil defense and public safety program. (\$50.00 surplus)

Art. 27. To see whether or not the town will vote to raise and appropriate the sum of fifty dollars (\$50.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108 of the Revised Statutes of 1954.

Art. 28. To see if the town will vote to raise and appropriate the sum of \$200.00 for the assembly hall fund. (\$200.00)

Art. 29. To see what sum the town will raise and appropriate for police services at Kennebunk Pond. (\$300.00)

Art. 30. To see if the town will vote to authorize the selectmen to procure a temporary loan or loans, within the 1961 taxable year, in the anticipation of taxes, for the purpose of paying obligations of the town; such loans to be paid during said taxable year.

Art. 31. To see if the town will vote to raise and appropriate a sum of money to pay the interest on loans in anticipation of taxes. (\$300.00)

Art. 32. To see if the town will re-appropriate the amount of \$625.00, being a balance now in the treasury, due for treatment on road by Lawrence Taylor's.

## AUDITOR'S REPORT

---

February 15, 1961

Board of Selectmen  
Lyman, Maine  
Gentlemen:

In accordance with Chapter 91, Section 142, of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 8, 1961.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 8, 1961.

Respectfully submitted,  
L. EVERETT OUTHOUSE.

### C O M M E N T S

#### Cash Balance

The General Fund Cash on deposit in the Canal National Bank of Saco, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank. Also, the Savings Account balance of the Assembly Hall Reserve Fund was verified by written confirmation.

#### Uncollected Taxes and Tax Liens

Unpaid taxes and tax liens at February 8, 1961, were verified by written confirmation, to the extent deemed necessary, at the time of audit.

#### General

The procedure for keeping the municipal records of the Clerk-Treasurer and Tax Collector was examined, and found to be adequate and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

The Selectmen's records were kept by double entry bookkeeping and a trial balance is taken as often as once a month. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

### Scope of Audit

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined, complete for the year. Bond and insurance coverages were examined. Excise tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Members of the Superintending School Committee, Citizens of the Town of Lyman:

Enrollment of the Cousens Memorial School is 87. This is an increase of 12 over the enrollment as of this date last year. The classes are grouped as follows:

|                |    |
|----------------|----|
| Mrs. Elwell:   |    |
| Grade 1,       | 13 |
| Grade 2,       | 13 |
| Grade 3,       | 7  |
| Miss Goodwin:  |    |
| Grade 4,       | 10 |
| Grade 5,       | 7  |
| Grade 6,       | 9  |
| Mr. Theriault: |    |
| Grade 7,       | 15 |
| Grade 8,       | 13 |

There are 40 students from Lyman attending high school, as follows:

|                        |    |
|------------------------|----|
| Thornton Academy,      | 8  |
| Kennebunk High School, | 25 |
| Sanford High School,   | 4  |
| Hollis High School,    | 3  |

This is an increase of 7 in the number of Lyman boys and girls attending high school over the same date last year.

In order to alleviate the crowded condition in Grades 1, 2 and 3, your school committee authorized the employment of a part-time teacher to work with these grades. We were most fortunate in obtaining the services of Mrs. Shirley Sotir for this position. It appears that this arrangement is satisfactory and that the boys and girls are getting the foundation so necessary at this grade level.

We were indeed fortunate in obtaining the services of Mr. Richard Theriault to act as principal and teacher of Grades 7 and 8, following the retirement of Mrs. Dora Murphy at the close of the last school year. Mr. Theriault attended Farmington State Teachers College and taught in the North Berwick Junior High School prior to coming to Lyman.

A committee composed of members of the school committees of the various towns and other interested citizens are continuing their study of the possibilities of a formation of a school administrative district. These studies will continue through the spring with a complete report being made to the citizens of the various towns soon after the adjournment of the 100th Legislature.

The school committees of School Union No. 6 have, in my opinion, taken a great stride forward in providing your superintendent with the assistance of an administrative assistant. It is the sincere hope of your school committee and superintendent that this move will allow your superintendent to spend more time in the classrooms working with your teachers in an effort to improve the quality of instruction at every grade level.

Once again, may I express my appreciation for the continued cooperation of the school committee, parents, and citizens of Lyman.

Respectfully submitted,

WILLARD T. JACOBSEN,

Superintendent.

## GOODWIN'S MILLS FIRE DEPARTMENT, INC.

---

### REPORT OF THE CHIEF

During the past year your Fire Department has answered the following calls:

|             |                        |
|-------------|------------------------|
| 2 buildings | 1 overturned oil stove |
| 4 chimneys  | 2 flooded oil burners  |
| 3 dump      | 3 woods                |

A total of seventeen located in the following towns:  
Dayton—9, Lyman—7, and Arundel—1.

I cannot stress too strongly the importance of calling your fire department immediately upon the discovery of any fire no matter how big or how small. This will enable us to get our equipment on the way as quickly as possible. We can also be sure that the fire is completely out. Sometimes fires that are apparently out or seemingly harmless, if unattended, can lead to large fires with the loss of valuable property and even life itself.

During the year, the department has purchased an oxygen tank and face mask. This should be invaluable in the case of excessive smoke inhalation, heart attacks or other cases involving lack of oxygen in the lungs. This is not a cure-all but an aid until proper medical attention can be obtained.

You will find articles in your town warrants regarding the purchase of a new truck. It was not our intention of asking for a truck quite so soon. However, what with the costs of fire equipment sky-rocketing every year, we feel that the towns will be financially ahead, by buying a truck now. The difference in the price saved over the cost now and a year from now will more than offset the amount of interest that will have to be paid if we wait another year.

As a civic project last year, your fire department sponsored a Hallowe'en Party for the children of both towns. From the large number of children attending, it seemed to be a huge success. The Lyman P.T.A. and the Dayton Community Club were most generous in helping with the refreshments and pies. We are planning to make this a yearly event.

We wish to offer our assistance in regards to any question about fire protection about your homes. If there are any problems in this respect, feel free to call any member of the department for assistance.

On behalf of the members of the fire department, I wish to extend my thanks to the officials and townspeople of Lyman and Dayton for their co-operation in behalf of the fire department.

Respectfully submitted,

MILTON MONROE,

Chief.

## REPORT OF PUBLIC HEALTH NURSE

---

Public health, in simple terms, is the sum total of the health of individuals and families living in a community. An organized program for public health is one that offers those individuals and families every possible chance of living and enjoying life, free from the handicaps of preventable disease and disability. In more formal terms, the objective of a public health program is to bring to all the people the benefits of modern medical and related sciences including the care and rehabilitation of the sick and disabled, the promotion of healthful living, and the prevention and control of disease.

A number of people are involved in the attaining of this objective. All together they make up a "health team." The public health nurse is an essential member of this team. She shares in planning and action with other workers in the fields of health, education, and welfare; with physicians, hospitals, clinics; with school personnel; with citizen groups. One of her important functions is coordination with the others involved to provide public health services to individuals, families, and community. Citizens of the community are also essential members of the health team. Alert to the health needs of their community, taking their share of responsibility to meet these needs, their contribution as health workers is indispensable to the effectiveness of the public health program. A vital, dynamic, working "health team" in the local community strengthens the public health not only of that community, but also of the State and the Nation.

Lyman's health team is made up primarily of members of your health council, Dr. Bacon, your health officer and physician for child health conferences and school health programs, school personnel and your public health nurse. It has been a busy year with excellent cooperation from each member of the team.

There were several activities in January. Hearing of the second grade pupils and all students whose hearing the teachers questioned was tested by the public health nurse with the audiometer. Each was proved to have normal hearing.

Re-examination for visual acuity was done by her in this month and again in November. These pupils were referred by the teachers, also. After a conference between the teacher and nurse following the retest, parents were notified if examination by a doctor was needed.

One of the three immunization clinics recommended by Dr. Bacon was held January 9th. This was a polio clinic primarily for adults though the same number of fourth polio inoculations (eleven) were given school children and adults. One adult completed the series of three for polio protection.

The next polio clinic was held in June. Nine fourth and two third inoculations were given on a Saturday morning when 88 townspeople came to the school for blood typing. Dr. Bacon and a laboratory technician came from Sanford for this very worthwhile program. In order that blood may be obtained quickly for local citizens, a list of volunteer donors with their types was sent to each of the nearby hospitals.

This year the three Child Health Conferences were held in Dayton. Five babies and 17 pre-school children from Lyman attended. At least one physical examination by Dr. Bacon was offered each child. Any deviation from normal was explained to the mother and she was referred to her family physician for treatment. One polio plus five series of three and five booster immunizations against whooping cough, diphtheria, tetanus and polio were given.

The regular school physical examination program which included an examination of each pupil in grades one, four, seven and athletes was completed in October. Thirty-nine students were examined. These are check-ups only, again children are referred to the family

physician for evaluation and treatment. Abnormal conditions found were: heart murmurs, enlarged glands, moles, dry skin, chest deformity, poor speech, dental cavities, shortness of breath, overweight, mild cerebral palsy, inflamed eyelids, enlarged tonsils, and crossed eyes. Notices were sent to parents if further attention was needed.

In conjunction with this our third immunization clinic was held at school. This one was primarily for students. Ten diphtheria, tetanus and 16 polio booster immunizations, 14 smallpox vaccinations and 7 third polio inoculations were given. It would seem that the four clinics held this year should have reached all age groups and we should have well-protected individuals in each segment of the population.

Clinics have been used to supplement the work of the team and private physicians. The list includes: State of Maine Cardiac and Crippled Children's Clinics, Maine Medical Center Eye Clinic, and a chest X-ray clinic at Sanford Goodall Hospital established by your York County Tuberculosis and Health Association.

Your public health nurse is frequently the connecting link between those in need of care and the care itself. This is accomplished by visits to the home. Some may be for health supervision of the baby or pre-school child and some for follow-up of the local programs and clinics previously described. Wherever she visits, her aim is good health for all members of the family.

Your Lyman Health Council has participated in nearly all phases of this program. A more detailed account of their activities will be found elsewhere in this report.

May I take this opportunity to thank them and all other members of the team as well as the York County Tuberculosis and Health Association and the Salvation Army for their cooperation this past year.

Respectfully submitted,

MAREA L. CLEMENT, R.N.,  
Division of Public Health Nursing.
